Ace Life strengthens the Network in Russia

We are pleased to inform you that we can now offer Life and Disability coverage in Russia via our new Network Partner.

About one year after the Russian ING Non State Pension Fund (ING NSPF) joined the Network, the recently launched company Ace Life Russia joins us and thereby completes our product offering in this important growth market.

Ace Russia is part of the Ace Group with worldwide presence in both Life and non-Life. Ace Group has a presence in Russia for Property & Casualty coverage since 2004 and Ace Life is registered in Russia since May 11, 2006.

Main lines of coverage are Life and various types of Disability products, as well as e.g. critical illness, hospital cash, etc. Ace Life will distinguish itself through Ace's well-known administration system, swift claims handling and flexible policy conditions.

We sincerely welcome this new Partner on board and believe that, together with our earlier established cooperation with ING NSPF, we now have strong and complete capabilities in the quickly maturing Russian Employee Benefits market!
